### EDUCATION

#### B.TECH (CSBS)

TKIET Warananagar  
2024 - 2028

#### HSC

LP Jr. College, Karad  
2022 - 2024

#### SSC

NVMP Nazara  
2021 - 2022

### SUMMARY

I'm a Computer Science and Business Systems (CSBS) student at TKIET Warananagar with a strong interest in software development and web technologies. I've built projects like portfolio sites, landing page and fan page using HTML & CSS.

Driven by curiosity and a mindset for growth, I'm committed to developing impactful solutions and continuously learning through courses, side projects, and collaborations. I aim to contribute meaningfully in the tech industry while building a high-paying and fulfilling career in software engineering.

### SKILLS

- Web Development (HTML & CSS)
- Python Programming
- SQL
- Git & GitHub
- Communication & Presentation

### PROJECTS

#### LANDING PAGE (SNAPINVITE)

HTML & CSS

Designed and built a modern landing page with sections like About, Reviews and Contact Form. Focused on clean UI and user experience.

#### BGMI FAN PAGE

HTML & CSS

Created a themed fan website for BGMI with game-related content, interactive layout and custom visuals. Hosted on GitHub Pages.

### CERTIFICATIONS

#### > Build Your Own Static Web

Issued by NxtWave CCBP 4.0  
Academy - Feb 17, 2025

#### PORTFOLIO WEBSITE

HTML & CSS

Developed a personal website showcasing skills, projects and career goals in a clean and responsive layout.
